As an option for Minnesota school districts, we provide testing services for Minnesota Home Educated students.

Download the attached order form.

Home educators must complete the Home School Group Order form. This form can be returned anytime between September 1 and April 1.

If the school district is to pay for the testing, a P.O. number must be indicated. If the home educator is to pay for the testing, then he or she needs to include a check or money order payable to “Minnesota Statewide Testing Program” with the order form.

The Home School order form needs to be post-marked by April 2nd and must include correct payment or a P.O. number. Incomplete forms will be returned to the home educator.

We allow a Group Testing Coordinator (outside the public school) to consolidate home school testing. Designation of a coordinator reduces our cost and allows us to provide a discount to home educators willing to coordinate their testing time and administration.

If the school district is willing to coordinate the testing and be invoiced for home educated students, the Home School Order Form for Districts can be used.
